

PRESS RELEASE

Alpha IVF Group scales up operations in Singapore

- *Strategic expansion of Alpha IVF's Singapore medical team to 5 Consultant Obstetricians & Gynaecologists including three leading IVF specialists.*
- *Targeting increased patient load and extending the Group's renowned success rates to support fertility needs in Singapore's low-fertility climate*

KUALA LUMPUR, Malaysia, 12 November 2024 - Alpha IVF Group Berhad ("Alpha IVF Group" or "the Group"; 阿儿法国际辅助生殖集团, Bloomberg: ALPHA MK, Bursa Ticker: 0303), a pioneer in fertility care, announces a major expansion in its Singapore operations to address rising demands for high-quality reproductive treatment. With the recent appointments of three more specialists to its Singapore-based IVF centre, Alpha IVF Group, targets to increase its patient load and extend its award-winning success rates to support more families in their journey towards parenthood.

The newly appointed specialists are:

- **Dr. Yu Su Ling**, a prominent IVF specialist with over 30 years of experience, known for her well recognised work in IVF, menopause, and gynaecological endocrinology, previously led Singapore General Hospital's Centre for Assisted Reproduction. She now serves as Alpha IVF Centre Singapore's Clinical Governance Officer (previously called Medical Director).
- **Dr. Chua Ka-Hee**, an expert in fertility and andrology, brings over 15 years of experience and a patient-centric approach to reproductive care.
- **Dr. Lily Kho Chye Lee**, with over a decade of experience in maternal care, gynaecological surgeries and fertility is dedicated to providing compassionate and comprehensive care.

The other specialists are Dr. Tan Heng Hao (Fertility Specialist) and Dr. Timothy Lee (Gynaecology Specialist).

As Singapore's fertility rate hit a historic low of 0.97 in 2023, the need for reliable, advanced fertility services has never been more critical. To help address this pressing social issue, Alpha Singapore's expanded team aims to deliver innovative, effective treatment options to an increasing number of couples, aligned with the government's initiatives to encourage parenthood.

“We are excited to have Dr. Yu, Dr. Chua, and Dr. Kho to join our Singapore centre. The addition of these prominent specialists not only strengthens our medical team but also brings a wealth of expertise that will significantly enhance our treatment services, which aligns perfectly with our commitment to delivering exceptional care to our patients.

As we strive to advance our fertility services, we look forward to the positive impact these specialists will have in supporting families in Singapore as they embark on their journey to parenthood.”

*Dato' Dr Colin Lee Soon Soo (拿督 李顺树医生)
Group Managing Director, Alpha IVF Group*

The newly appointed specialists commenced practice at Alpha IVF & Women's Specialists Centre on the 1st of this month (November), making Alpha Singapore one of the largest IVF centres in Singapore with five doctors and an annual capacity of up to 1,000 IVF cycles. The Group is dedicated to attracting top-tier talent, enhancing its reputation for excellence in fertility care, and positioning Alpha IVF Group as a regional player in the industry. To date, Alpha IVF Group operates one IVF centre in Singapore, three IVF centres in Malaysia, a sales representative office in China; and soon facilities in Indonesia and the Philippines.

About Alpha IVF Group Berhad (“Alpha IVF Group”)

Alpha IVF Group is one of the largest fertility care specialists, currently operating in Malaysia and Singapore. The group primarily focuses on Assisted Reproductive Services (ARS), with a strong emphasis on In-vitro Fertilisation (IVF). Presently, the group operates three specialist centres in Malaysia - Alpha International Women's Specialists Sdn Bhd (“Alpha KL”), Alhaya International Women's Specialists Sdn Bhd (“Alhaya”) in Kuala Lumpur, and Genesis Specialists Sdn Bhd (“Genesis”) in Penang - and one in Singapore, known as Alpha International Women's Specialists (Singapore) Pte Ltd (“Alpha Singapore”).

In addition to IVF, Alpha IVF Group provides various assisted reproductive procedures, including intracytoplasmic sperm injection, intrauterine insemination, diagnostics, testing, screening procedures, and Cyrotec® cryopreservation of eggs, sperm, and embryos.

Since its inception in 2011, Alpha IVF Group has earned a strong reputation with a branding synonymous with exceptional success rates among regional peers in IVF. The high pregnancy rates are attributed to the Group's robust foundation, known as the “System of Systems,” and its five strategic pillars: leading medical specialists, highly skilled embryologists, continuous research and development, innovative techniques, and cutting-edge laboratory equipment.

Alpha IVF Group's operations have provided IVF services to international patients hailing from Indonesia, China, Singapore, the Middle East, and various other countries. The Group has also pioneered numerous innovations leading to improved pregnancy rates and is actively involved in utilising advanced Artificial Intelligence technology to enhance embryo selection for higher IVF success rates.

Alpha IVF Group was recognised by Newsweek magazine as the Leading Fertility Centre in Asia 2024 and by Healthcare Asia, with Alpha IVF Group Berhad securing the Technology Innovation of the Year Award - Malaysia. These accolades underscore the Group's commitment to research and development, as well as its innovative use of advanced technologies.
